

NESTUCCA FIRE DISTRICT

DOMESTIC BURN PERMIT

- This permit allows domestic open burning (in a pile or in a barrel) only.
- Construction, Demolition, Commercial and Slash debris burning requires a Provisional Permit and is NOT included in this permit. Any debris moved from one property to another is considered Commercial debris.
- Recreational burning (i.e. campfires, fires in a designated campground pit & BBQ's) does not require a permit. However, these fires cannot contain debris.

Name: _____ Phone: _____

Physical Address: _____

In accordance with Nestucca Fire District and DEQ regulations, the above permittee is hereby granted permissions to conduct burning subject to the following conditions and regulations.

1. No person may cause or allow to be initiated or maintain any open burning of wet garbage, plastic, asbestos, wire insulation, automobile parts, asphalt, petroleum products, petroleum treated material, rubber products, animal remains, or animal or vegetable matter resulting from the handling, preparation, cooking, or service of food or of any other material which normally emits dense smoke or noxious odors. This is strictly prohibited by the Nestucca Fire District and shall be reported to DEQ and/or other appropriate enforcement agencies.
2. Open debris piles smaller than 3 ft. in diameter with 2 ft. flames must be placed a minimum of 25 feet from combustibles, structures, property lines, and fences. Debris piles larger than 3 ft. in diameter must be placed a minimum of 50 feet from combustibles, structures, property lines, and fences.
3. Burn barrels must be placed a minimum of 15 ft. from combustibles, structures, property lines, and fences and are required to have a screen while burning. Screens should be made of heavy mesh with no less than 14-gauge wire and holes not larger than 1/4 inch.
4. Burning of paper products in open piles is prohibited. Paper products must be burned in an approved burn barrel with a screen.
5. Burning UNCUT grass, brush, or any standing vegetation is PROHIBITED. All grass, brush or vegetation must be cut and piled prior to burning.
6. Burning should be done on ground cleared of all growth.
7. Burning may be done during DAYLIGHT HOURS ONLY. Burning during strong or gusty winds or when a BURN BAN is in effect is STRICLTY PROHIBITED.
8. All fires shall be constantly attended by a competent person until completely extinguished.

The permittee agrees to abide by the above regulations. Burn sites may be inspected by fire personnel whenever deemed necessary and permittee agrees to extinguish any fire when so ordered by a member of the fire district, or any law enforcement official.

CAUTION: This permit does not relieve the permittee from responsibility of fire danger as a result of unsafe burning or burning without a permit. Failure to comply with these regulations is a misdemeanor under section 960, chapter 478, Oregon State law.

Violation of regulations may result in revoking your permit, extinguishment of your fire, and repayment of costs incurred.

BURN BAN: JULY 15TH ALL OPEN PILES & BURN BARRELS PROHIBITED.

Burning Regulations for Nestucca Rural Fire Protection District

Outside Open Burn Regulation/Permit

You will need to apply for a DEQ Burn Permit and receive permission from your local Fire Department to burn the following types of material:

- Industrial - Includes the burning of waste, including process waste, produced as the direct result of any manufacturing or industrial process.
- Debris moved from one site to another.

You do not need a DEQ permit but must be issued a permit from your local Fire Department to burn the following types of material:

- **Commercial** - Includes the burning of any waste like:
 - Waste material from offices, wholesale or retail yards and outlets, warehouses. Restaurants, mobile home parks and dwelling containing more than four dwelling units, for example apartments, condominiums, hotels, motels, or dormitories.
- **Construction Waste** - Includes the burning of waste material generally used for, resulting from, or produced by a building or construction project. This could include wood, lumber, paper, crating and packing materials processed for or used to cleanup of a construction site.
- **Demolition Waste** - Includes the burning of waste material resulting from or produced by the complete or partial destruction or tearing down of any man-made structure, or the clearing of any site for land improvement or cleanup. Land clearing waste is typically considered demolition waste. Examples of land clearing waste includes the removal of trees, brush, logs, stumps, debris, or man-made structures for the purpose of site cleanup or site preparation. This does not include yard debris, agricultural waste, or slash.
 - ***Slash***- Includes Forest debris or woody vegetation to be burned that is related to the management of forestland used for growing and harvesting timber.
- **Domestic Waste**-Includes household waste material such as paper, cardboard, clothing, yard debris (wood, needle, grass or leaf materials from trees, shrubs or plants) or other material generated in or around a dwelling of four-or-fewer family living units, or on the property immediately adjacent to the dwelling.
 - ***Yard Debris*** - includes wood, needle or leaf materials from trees, shrubs, or plants from the real property immediately adjacent to a dwelling of not more than four family living units.

These materials are prohibited to burn:

- Wet garbage
- Plastic
- Asbestos
- Wire insulation
- Automobile parts
- Asphalt
- Petroleum treated materials.
- Painted wood and wood treated with creosote or pentachlorophenol.
- Rubber products including tires.
- Animal remains.
- Animal or vegetable matter: resulting from the handling, preparation, or cooking or service of food.
- Any other material that emits dense smoke or noxious odors

Nestucca Fire does not keep a record of your permit. If you print one from our website, please sign the document and keep for your file. **DO NOT SEND TO NRFPD.**
